# Our story

## Durbin Aid & Development

Durbin Aid & Development is part of **Uniphar**, a trusted global partner collaborating with over 200 leading Pharma & MedTech firms globally. Our Durbin Aid & Development team provides a one-stop-shop for quality, reliable pharmaceuticals, consumables, medical supplies, and devices at extremely competitive prices to aid organisations around the world in an ethical and timely manner.

Durbin can respond to healthcare supply needs from local project level to large-scale humanitarian programmes, supplying products from source, covering everything from small bespoke requests for hard-to-source items to bulk orders.

Durbin prides itself on being a trusted global partner to aid organisations spanning over 160 countries. Encompassing large government, multilateral, and procurement agencies to Ministries of Health, non-governmental organisations, Charities, missionary groups, and hospitals.

With a wide range of stock at our main hub situated in Hayes, London very close to Heathrow Airport, we are also able to assist with rapid reaction to global healthcare crisis situations, as well as longer-term requirements. Durbin also works with a combination of freight-forwarding agents that can access difficult regions and war-torn stricken areas.

Uniphar holds full licensing from regulatory bodies such as the UK MHRA (including controlled drugs), USA Pharmacy Authorities, FDA, DEA, and EMA. As a pre-approved vendor for UN agencies, our facilities undergo consistent audits to ensure compliance.

## Aid & Development
